

FAIRBANKS®

BPP SERIES PORTABLE UTILITY SCALES

The BPP Series are rugged, general purpose portable beam scales ideal for non-commercial general weighing applications.

DEPENDABLE

Built with a rugged cast iron base and platform, this line of portable beam scales is designed to withstand many years of everyday use.

Four, easy-to-maneuver, five-inch, cast iron wheels are attached to the platform base, so it's always simple to move the scale from one location to another. You're never limited to weighing in just one place.

EASY TO READ WEIGHMENTS

The BPP Series features a large, easy-to-read, double-sided chrome beam with brass measurement bar insert.
