

FAIRBANKS®

PORTABLE MECHANICAL BEAM SCALE 1124 SERIES

Fairbanks' 1124 Series is a rugged and economical beam scale for industrial and commercial, general utility weighing. Its large platform and 1,000 pound capacity make it the ideal scale for a variety of applications.

RUGGED AND LONG LASTING

The base, lever system and platform are all made of durable cast iron, providing exceptional accuracy and reliability over many years of service, with virtually no maintenance.

APPLICATIONS

- Intrinsically safe
- Parts distribution
- Material handling
- Inventory management
- Warehousing
- Bag filling

FEATURES

- Cost-effective solution for basic, portable mechanical utility scale applications.
- Mechanical design makes the 1124 Series perfect for all hazardous locations.
- Easy-to-maneuver, even in tight spaces.
- Easy-to-read, chrome-plated beam with brass inset.
- Open-face poise with pointer clearly shows exact weight.
- Set screw holds poise firmly in place when preset.
- NTEP and MC approved for "Legal for Trade" applications.

PERFORMANCE SPECIFICATIONS

Capacity	1000 x 0.5 lb
Platform size	23.5" x 17.75"
Construction	Cast Iron
Wheels	5.0" diameter, cast iron
Column	Fabricated steel
Beam	Chrome-plated with brass inset; large, easy-to-read graduations
Units	lb or kg
Approvals	NTEP CC# 88-266, MC #AM-4657

DIMENSIONS (in inches)
