

FAIRBANKS®

VET PET SCALE

The perfect scale for veterinarians, kennels, labs or anyone handling medium to large size animals. The stainless steel platform makes cleanup fast and easy.

EASY TO USE

Fairbanks' electronic Vet Pet Scale with digital remote indicator has a simple, easy-to-use keypad for operator control. The indicator features a 5-digit, 7-segment, 0.5-inch LCD weight display and comes with an 8-foot cable for wall mounting.

Obtaining the true weight of a moving animal is not a problem with the Vet Pet Scale. Simply lead an animal onto the platform and within seconds the instrument has locked-on to its actual weight. The process is both fast and reliable.

Because animals can be leery of stepping onto unfamiliar objects, Fairbanks incorporated an ultra-low profile design into its Vet Pet. This feature minimizes most pets' natural reluctance to use a scale.

DESIGNED FOR VETERINARY USE

The Vet Pet platform is constructed with a heavy gauge stainless steel top and bottom and was designed specifically for veterinary use. The platform will not rust, even with long-term exposure to animal fluids. For added flexibility, this scale can be floor or table mounted.

RUGGED

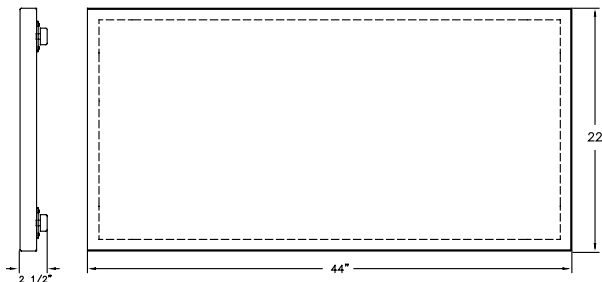

Fairbanks' Vet Pet Scale features 200% overload protection. In many applications, this scale is subjected to unintentional abuse when animals get loose or if children play or jump on the platform. Fairbanks understands the applications for its Vet Pet Scale and has built in the durability required to ensure long lasting product life.

FEATURES

- Low Profile (Under 2" high)
- Automatic Zero Tracking
- Large Platform 42" x 22"
- Adjustable Non-slip Feet
- Pre-calibration
- Floor or Table Mounting
- No Batteries Required
- No Assembly Required
- No Moving Parts
- Simple to Install

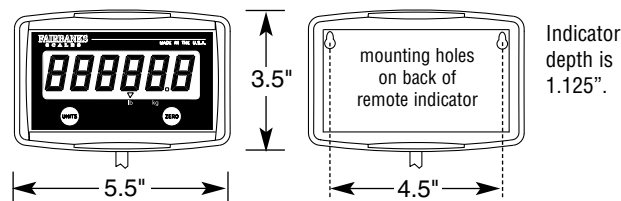

SCALE SPECIFICATIONS

Platform Size	22" x 44" x 2.5" (including feet)
Capacity	350 x 0.1 pounds
Construction	Stainless steel platform
Power	12 VAC 60 Hz 12 W AC power adapter (Output = 12 VDC 500 mA)

REMOTE INDICATOR SPECIFICATIONS

Display	6-digit, .9" high, LCD
Cable	8-foot
Display Modes	pounds, kilograms
Mounts	Wall Mount or Pillar Bracket
