

FAIRBANKS®

CHC SERIES CRANE SCALES

Fairbanks Scales' CHC Series are general purpose, non-commercial crane scales that are designed for virtually any overhead weighing application.

DEPENDABLE

Designed and built to provide accurate and reliable results, this line of crane scales feature a rugged, high-impact cast aluminum housing, as well as a bright 1.0" or 1.25" tall, red LED digital readout. The LED readout has eight adjustable intensity settings for use in almost any lighting condition. The push button controls not only make it easy to operate, but offer many years of durability and dependability.

FLEXIBLE AND EASY TO USE

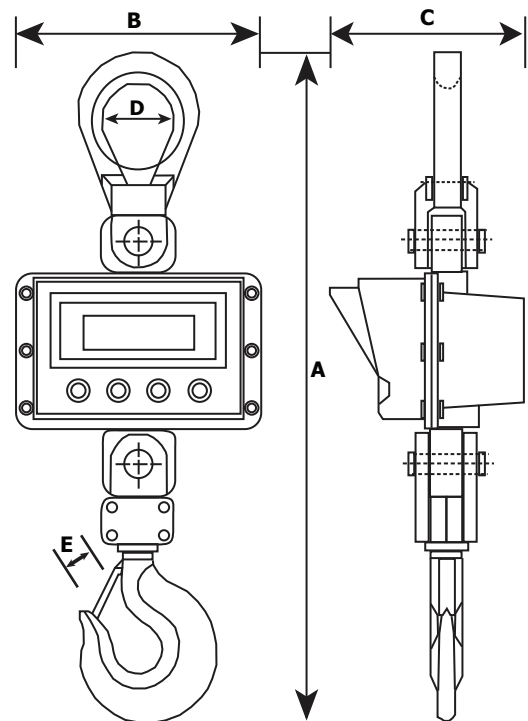

The CHC Series scale is equipped with a rechargeable 80-hour battery. For added convenience, the recharger is built-in. These scales also feature easy toggling between pounds and kilograms, auto zero tracking, hold and tare functions, and a 360° swivel hook.

SPECIFICATIONS

Capacity	1300 lbs (590 kg)
	2000 lbs (909 kg)
	5000 lbs (2272.7 kg)
	10000 lbs (4545 kg)
	20,000 lbs (9000 kg)
Readability	1300 lbs = 0.5 lbs (0.23 kg)
	2000 lbs = 1 lb (0.45 kg)
	5000 lbs = 2 lbs (0.9 kg)
	10,000 lbs = 5 lbs (2 kg)
	20,000 lbs = 10 lbs (5 kg)
Overload Capacity . . .	150% over scale capacity
Display	1" LED display;
	1.25" LED display (5000 and
	10,000 capacity models)
Power Requirements . .	Rechargeable 80-hour battery
	with built-in recharger
Shipping Weight	Ranges from 39 lbs to 120 lbs
